1. Our Philosophy

A diverse workforce is one that recognises and embraces the value that different people can bring to an organisation through their gender, age, ethnicity, cultural background, marital status, sexual orientation and/or religious beliefs.

RPMGlobal Holdings Limited and its related subsidiary and group companies (together 'RPM' and the 'Company'), aims to create an environment in which diverse experiences, perspectives and backgrounds are valued and utilised.

The Board believes that improved workforce participation at all levels, particularly female participation, broadens the pool for recruitment of high quality employees, enhances employee retention, encourages greater innovation and improves corporate image and reputation which will ultimately enrich its corporate performance and enhance shareholder value.

This Diversity Policy reflects RPM's commitment to workplace diversity and compliance with the Australian Securities Exchange (ASX) Corporate Governance Council's Corporate Governance Principles and Recommendations.

2. Promoting Diversity in the Company

The Company promotes a diverse workplace by aiming to ensure that all employees and applicants for employment are fairly considered according to their skills, qualifications and abilities.

The following initiatives have been adopted by RPM to assist with improving gender diversity:

- b) Developing flexible work practices to meet the differing needs of our employees at different stages of their life cycle in the context of business requirements.
- c) Regularly reviewing pay equity to address any gender gaps.
- d) Ensuring equal employment opportunity where equal treatment is given to employment, training, promotion and compensation, regardless of gender
